COMMENTS ON EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

In the Notice of Allowability attached to the Notice of Allowance mailed on July 13, 2005, the Examiner provided a Statement of Reasons for Allowance. Although Applicants gratefully acknowledge the Examiner's Allowance of the present claims, Applicants do not necessarily agree with the Examiner's Reasons for Allowance. The Examiner's Reasons for Allowance vaguely characterized the prior art and the allowed claims. Specifically, the Examiner's statement alleges that the prior art discloses some claim features and lacks other claim features. The Applicants agree with the Examiner that the prior art fails to teach or suggest a variety of features recited in the allowed claims. However, the Applicants disagree with the Examiner's statement about features allegedly disclosed by the prior art. For these reasons, Applicants respectfully stress that each of the independent claims is patentable based on certain features explicitly recited in each respective claim, but not necessarily as set forth in the Examiner's Statement of Reasons for Allowance.

Respectfully submitted,
